SUBJECT: CAMPUS PICKETING

I am attaching the issue of the BOSTON UNIVERSITY NEWS dated 14 December reporting the picketing incident which took place on Tuesday, 6 December.

The quote attributed to Alan Novak is completely in error for obviously I did not make such a statement. Also, I do not recall telling him anything about our military service plan; but, if I did, I certainly did not state that one would serve "a good deal" of his military time in the Agency.
